

50th Anniversary Open House

In 1968, a group of concerned women formed the Christian Nursing Service organization to meet the needs of the disadvantaged youth and elderly in this community. Hundreds of volunteers, and fifty years later, these needs and more are still being met by the organization, now known as the Montgomery County Free Clinic Inc. In 2018, we celebrate 50 years of service, and 5 years in our beautiful new facility.

The public is invited to an open house celebration at the Dr. Mary Ludwig Free Clinic at 816 Mill Street in Crawfordsville, Saturday, September 22nd from 4:00pm-5:30pm. The building is named for Dr. Mary Ludwig, a beloved physician who dedicated years of service at the Well Baby Clinic from 1968-1988. Dr. Mary presented children with an apple after their visits to the clinic. Please join us for a tour of the facility, a chance to visit with friends and some apple desserts in memory of Dr. Mary.
